WE OFFER CONCEPTS + SOLUTIONS

For over 45 years, the CONTI+ brand has been a byword for flexible and holistic shower room and washroom solutions for commercial, public and semi-public environments, as well as the healthcare sector.

Known for its innovative technology and high grade materials, the brand has gained a reputation for unfailing quality. With a wide-ranging product portfolio and many years of experience, not least in the creation of custom designs, CONTI+ is widely recognised among design engineers and architects as a professional and reliable partner.

Every last detail is contemplated when developing tailor-made products, resulting in smart, individual solutions to suit a plethora of applications and equipment. The choice of shower and washbasin fittings encompasses a variety of colours and finishes as well as options for surface or flush mounting. Urinal fittings, washbasins, sanitary ware and disinfection solutions are also available.

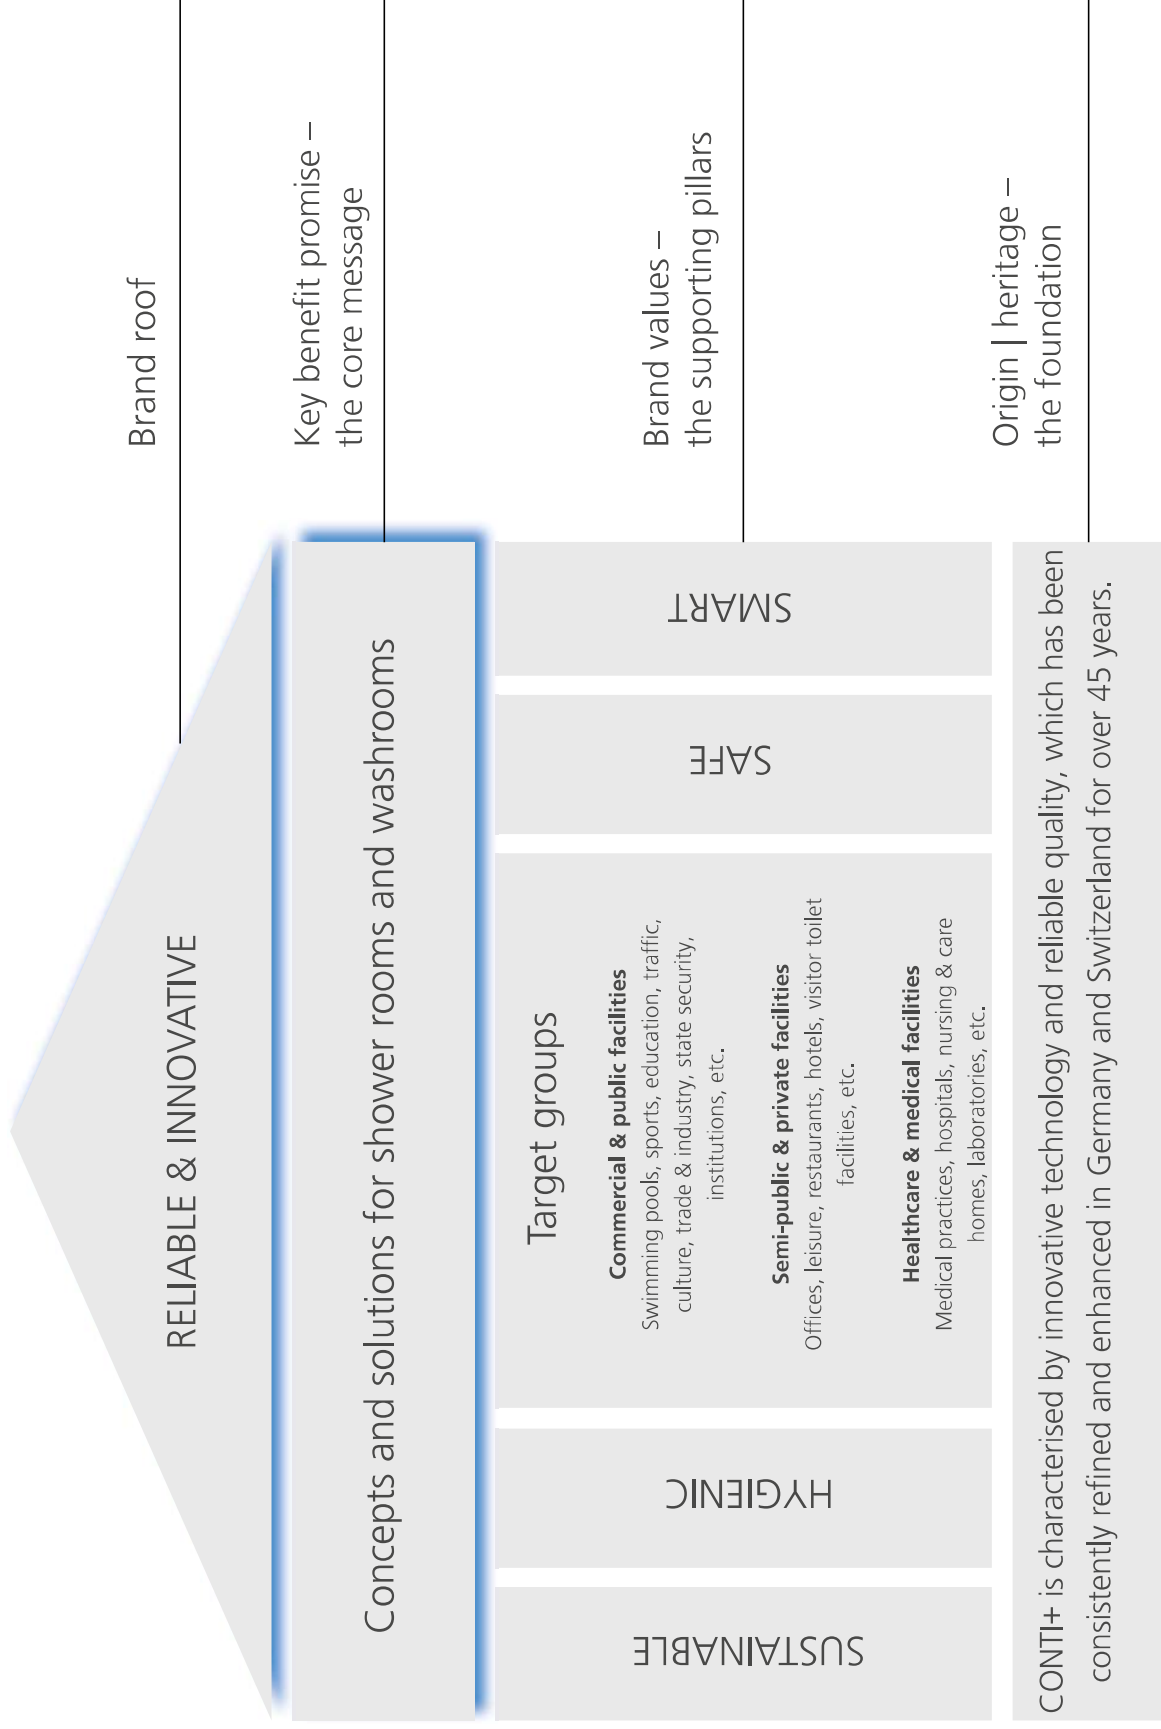

Naturally, sustainability, hygiene and reliability are a prime consideration in the development of all products.

The CONTI+ brand is characterised by reliable quality and innovative technology. Intelligent solutions are based on the latest developments in the IoT areas of electronics and user interfaces.

CONTI+ offers a comprehensive and unique hygiene concept that is constantly evolving.

BRAND HOUSE

CONTI+

FOUNDATION

The CONTI+ brand, based in Wetzlar, Germany, is a global manufacturer of reliable and innovative shower room and washroom solutions for public, semi-public and commercial environments, as well as the healthcare sector.

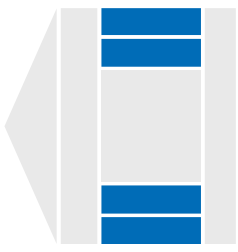

CONTI+ is innovative and reliable and convinces with its German technologies and Swiss quality-

Since 2014, CONTI+ belongs to the FORTUNA GROUP AG, based in Switzerland. The Group is active in more than 40 countries and has over 400 employees.

SUSTAINABLE
HYGIENIC
SAFE
SMART

CONTI+

SUSTAINABLE

Water savings: Up to 70 % water savings through automatic start and stop function and flow rate limiting

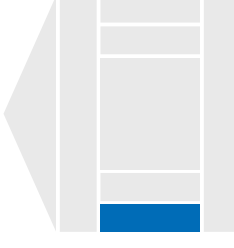

Energy savings: Extension of the battery life to up to 8 years through solar and water energy. Thermostatic control, energy-minimised electronics and hydraulics with smart algorithm

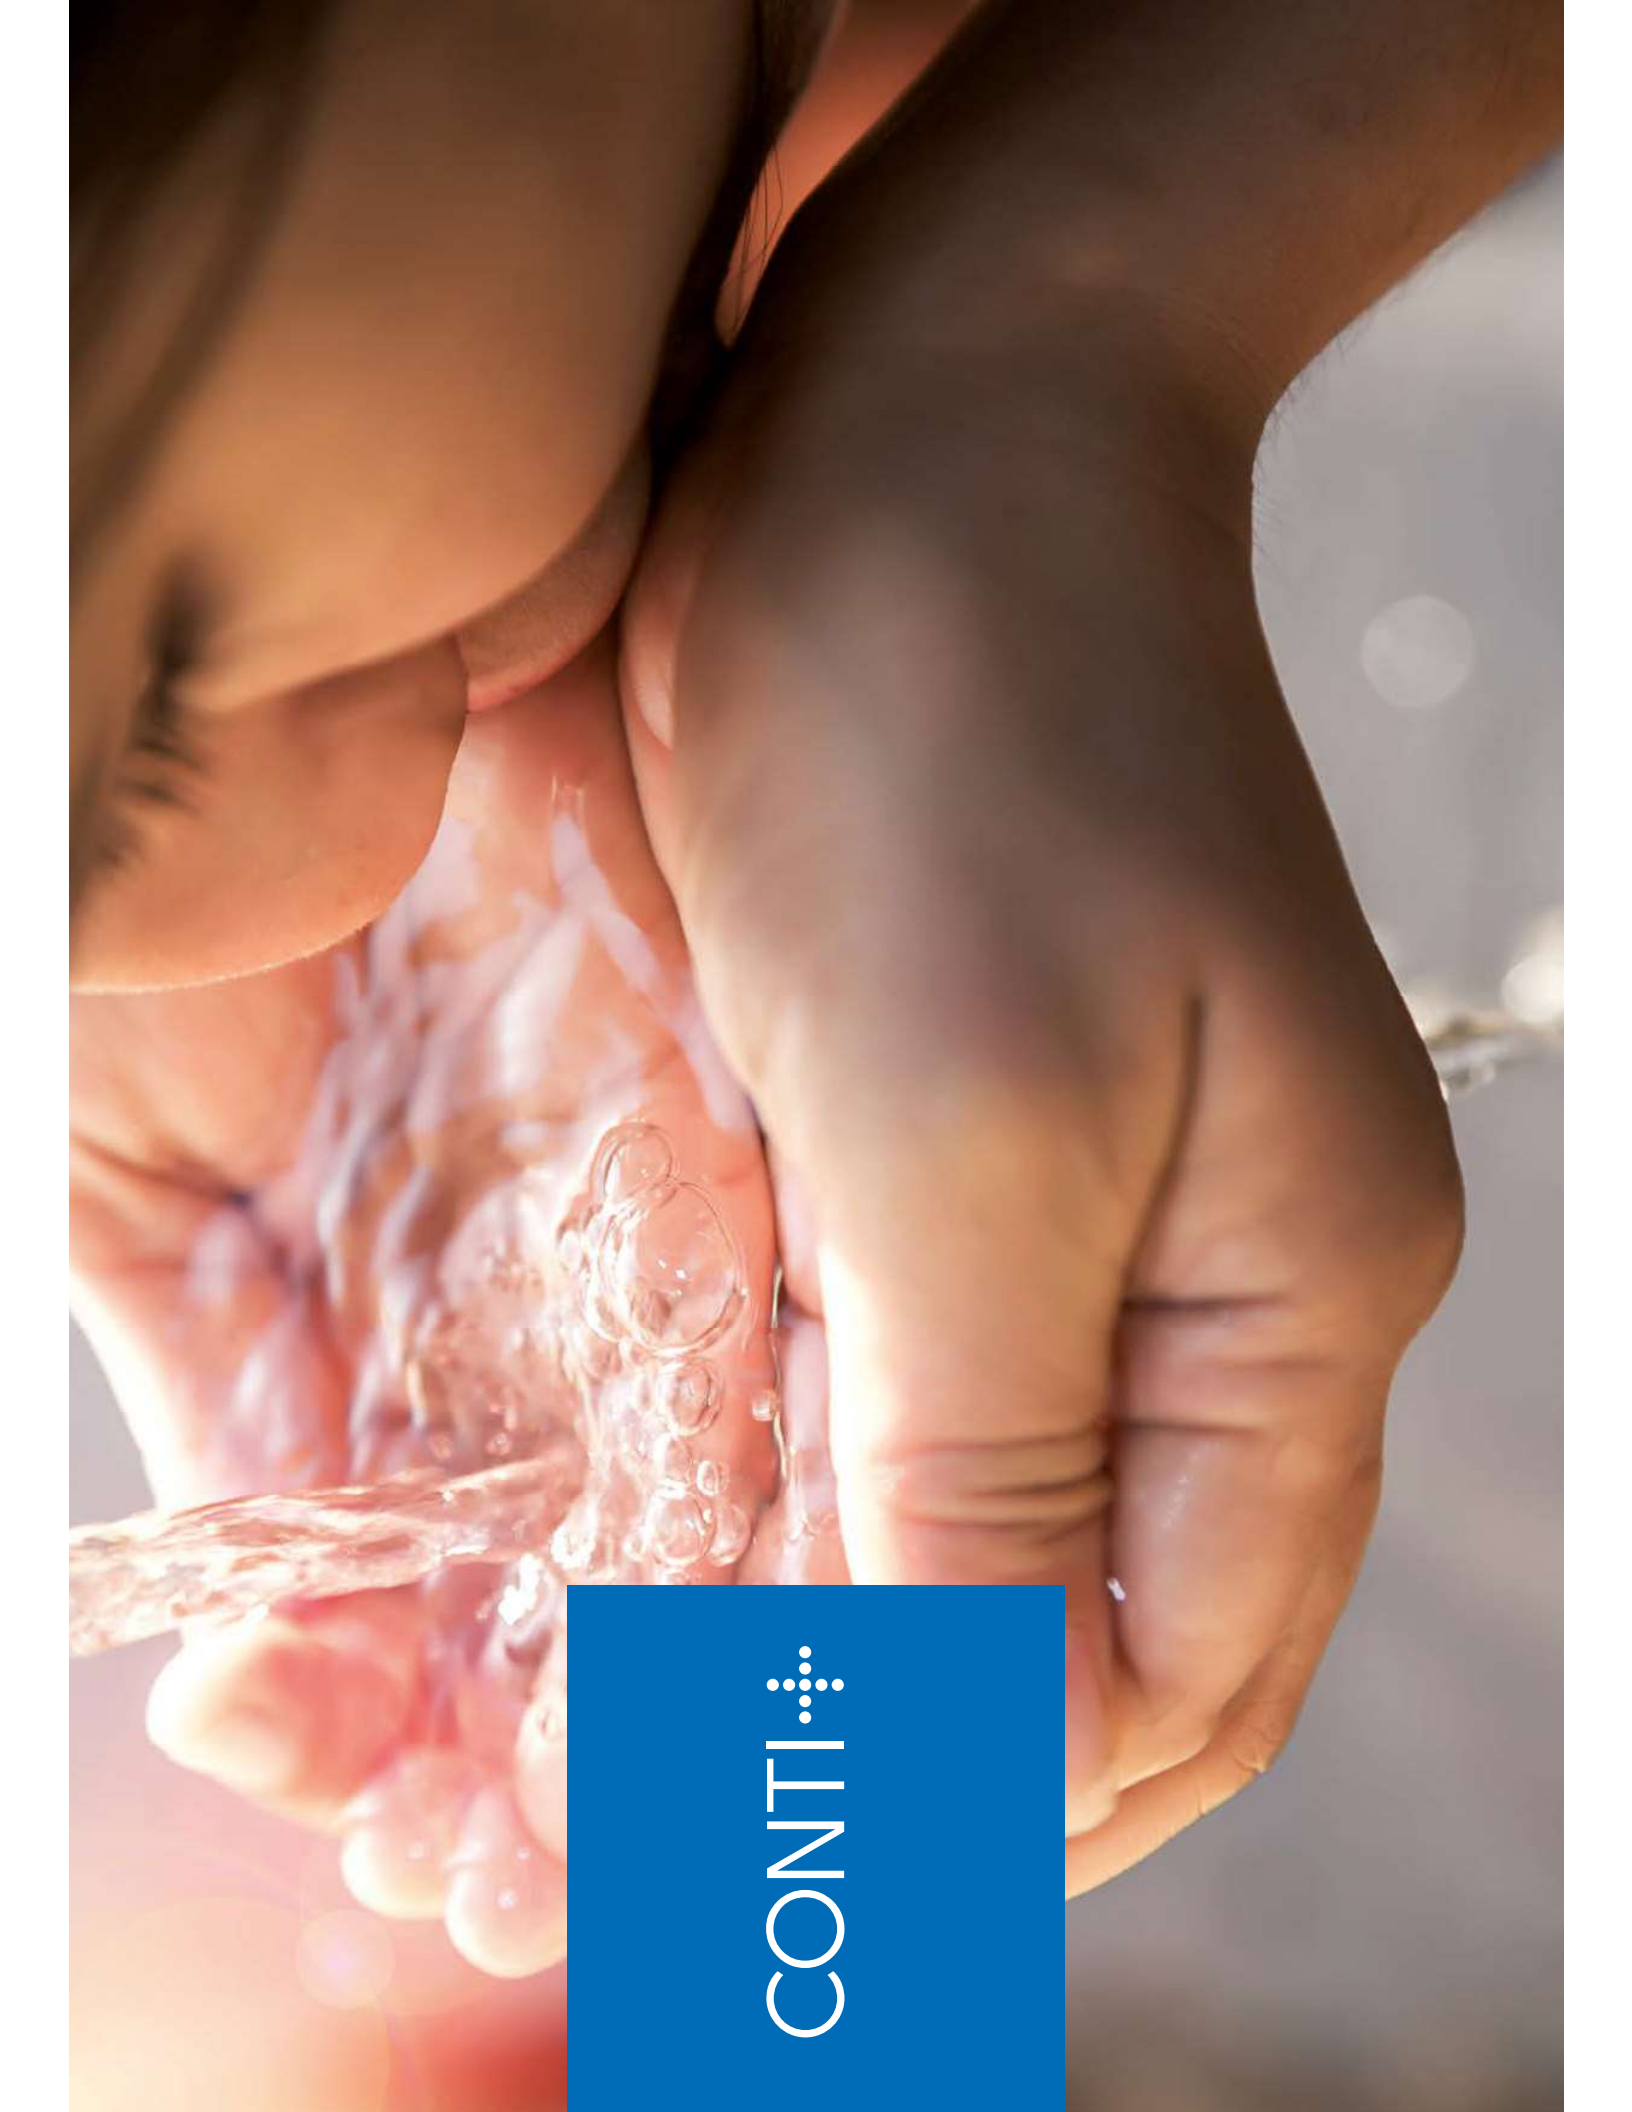

Materials: Stainless steel without coating, low nickel/lead content, plastics (recyclable), environmentally compatible disinfectants

Cost savings: Low maintenance, lower water and energy costs, short installation times, low total cost of ownership

Environmentally friendly: pH neutral, purely mineral, biodegradable disinfectants, reduced battery consumption

Environmental certificates: e.g. LEED, BREEAM

A close-up photograph of hands being washed with water and soap bubbles. The water is splashing, creating many bubbles. The hands are cupped together, and the water is being poured over them. The background is blurred, showing some lights.

CONTI

HYGIENIC

CONTI+ offers a comprehensive and unique hygiene concept.

PREVENTATIVE in planning, construction and maintenance.
PERMANENT through water management, maintenance and sampling.

ACUTE in the case of acute contamination.

Products: Safe, touch-free operation; no contamination; no spread of germs; user friendly; products can be integrated into and controlled by the CNX water management system

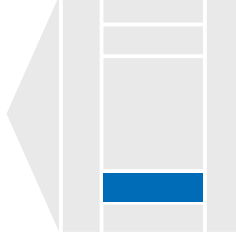

Thermal disinfection: Can be centrally controlled and logged via the CNX water management system – safe, reliable and documented

Hygienic flushing: Can be centrally controlled and logged via the CNX water management system – adjustable rinse duration and interval

Disinfectant solutions: Water pipeline and plant decontamination through microbiological decontamination; disinfection solutions for drinking water hygiene, installation, surfaces, room and hand hygiene as well as drinking water hygiene test

Terminal filters: Solution in acute cases by ultrafiltration at the outlet

Sterilisation on site: Tool and component disinfection during installation; disinfection of surfaces and room air

CONTI+

SAFE

Safe water quality: Approved materials, hygienic flushing, thermal disinfection, drinking water hygiene test, stagnation prevention, contamination treatment, terminal filters

Vandal-proof: Robust materials, durable and sturdy design, integrated components

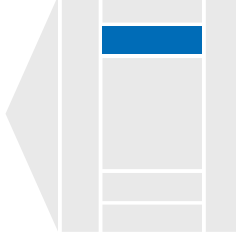

Functional and safe to use: Proven technology & components, anti-scalding protection

Futureproof: In-house customer service, reliable availability of spare parts, long-standing market presence, affiliation to Swiss group of companies

Quality: 100% tested including functions, spare part guarantee

Certificates: WRAS, DVGW, WaterMark, etc.

Investment: reliable, strong company with long history and successful track record

CONTI

CNX

SMART

Innovative technology: Sophisticated infrared technology for touch-free, reliable operation, unique in-house value technology, smart algorithmus and intuitive user interface

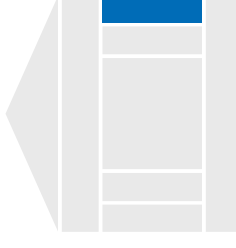

CNX water management system: Intelligent water management for central control and monitoring of hygiene measures

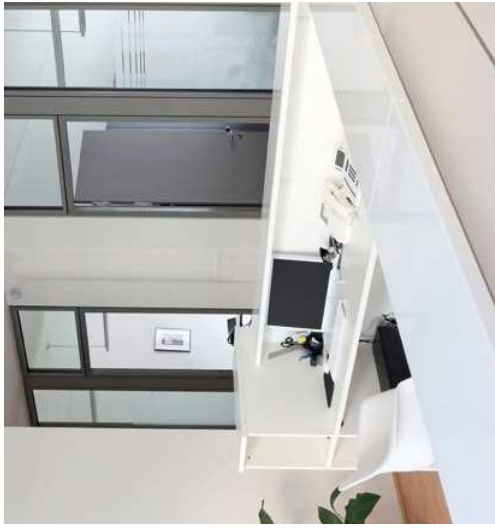

Simple installation: Quick and simple installation and commissioning without special tools; intuitive networking with the CNX water management system

Multifunctional water control: With only one adaptive, multifunctional solution – numerous application areas, fast installation, straightforward maintenance and multiple upgrade possibilities

Easy maintenance: Maintenance without special tools; water shut-off possible directly at the product; maintenance from above

Expertise: In-house development departments in Germany, Switzerland and Austria, specially skilled engineers

We are a reliable, competent partner for design engineers, public authorities, architects, housing associations and installers.

A comprehensive and unique hygiene concept, innovative technology and reliable quality, maximum versatility in standard solutions, customised, systematic commercial building solutions, expert service partners, in-house customer service, etc.

CONTI+

INNOVATION

RELIABLE & INNOVATIVE

The brand philosophy (the brand roof) is expressed by the slogan "Reliable + Innovative". This is freely applicable and not anchored to the logo.

In the brand roof, "reliable" refers to "reliable quality but also to reliable partner, products and services" and "innovative" to "innovative technology but also to products, concepts and solutions".

These phrases are seen again in the foundation of the brand house.

RELIABLE

DYNAMIC

STRAIGHTFORWARD

INNOVATIVE

CLOSE TO NATURE

COMPETENT

SMART

FRESH

BRAND PERSONALITY

Describing a brand is a little like describing a person, by comparable to characteristic features. Dynamic, competent, reliable and innovative – these are the traits that best characterise the CONTI+ brand. They are therefore central elements in our communication that tell a compelling ongoing story.
